You want a stunningly gorgeous venue for your wedding.

You want to trust that the whole experience will be stress free and the happiest day of your life.

You want to have everything from accommodation to ceremony, to your Pre-reception and your reception party all in one gorgeous spot.

Ensnconced in the magical Great Southern region of WA, surrounded by aqua blue beaches and Karri forests, just ten minutes from the City centre of Albany, you will discover an elegant mix of contemporary and country charm with modern and deluxe accommodation and venue facilities, outdoor terraces, beautiful grounds and gardens and dedicated spaces for your special day.

Experience a magical ceremony in our iconic sunken garden and then have your photos taken in our picture-perfect grounds, while your guests mingle over drinks. Choose from our cocktail lawn, one of our terraces or perhaps provide an enchanted lakeside experience with games and cocktails until it is time for you to make your grand entrance into Potter's Well, our fully appointed and beautiful reception venue. After dinner, dance the night away indoors or outdoors on the terrace under the festoon lighting.

The Gardens at Bullimah provides a first class tailored service with a dedicated wedding coordinator who will help coordinate every detail of your day. We believe every couple deserves to have a relaxed and enjoyable wedding experience; from the planning stage, to the days leading up to and (of course) on the day of your wedding. For this reason, we will be with you every step of the way, assisting you as much or as little as you need.

We warmly invite you to contact us.

ceremony

Our iconic Sunken Garden provides an intimate and beautiful outdoor theatre for you to declare your promises to the person you love. The garden is designed by 'Patrick O'Neil Design' and features a stunning, soaring local timber arbour set in a dreamy garden with room for up to 180 guests. Your package includes 32 quality, cross-back chairs, a signing table and sound system. The perfect setting, where love and music fill the air, for the all-important exchange of vows. All safe, of course, in the knowledge that you have an inclement weather indoor option in our stunning Potter's Well. This dramatic space with a six metre cathedral ceiling and walls of windows, beautifully frames your ceremony and the pivotal 'I do' moment. Even in inclement weather there are views across the manicured grounds to the lake and garden beyond. A photographer's delight.
